YOUR TEACHERS. OUR TRAINING.

Campus Teachers

We staff RoboThink from your own campus first. Familiar faces build trust with kids and parents, and the program feels like part of the school.

1

You share, we interview

We invite your teachers and aides first. No robotics or coding background needed. We look for people who are great with kids.

2

We train and certify

Every instructor completes full RoboThink training and earns official RoboThink instructor certification. Lessons are fully scripted, step by step.

3

They teach and earn

A paid after-school role, right on their own campus. Every instructor is background-checked and covered by our insurance.

WHAT YOUR TEACHERS GET

- Paid after-school role
- RoboThink certification
- Full training provided
- Fully scripted lessons
- All materials handled
- No prep at home

Why it matters for your campus

Kids listen better and stay longer with teachers they already know.
Parents trust the program more. And your teachers earn extra income doing it.

Know a teacher who would be great at this?

Send them our way: swhouston@myrobothink.com · (281) 831-0183

Approved Katy ISD After-School Program Provider · 2026-2027
